

THE DAILY BULLETIN.

TUESDAY, APRIL 14, 1885.

Business failures are steadily decreasing in number.

WHEAT crop reports from Illinois and Missouri unfavorable.

SENATOR BLACKBURN expressed the opinion that the sweeping out of Republicans from office will be gradual but thorough.

THIRTY deaths from a disease known as black tongue fever have occurred in Overton County, Tenn. The physicians have been powerless to prevent its spread.

COLONEL THOMAS J. YOUNG, candidate for Representative in the Legislature from Bath and Rowan Counties, will have no opposition for the nomination, nor at the August election.

The trouble in Central America has about ended, and the prospect of an enforced union of the five Republics abandoned. The opposition of Mexico caused the defeat of the scheme.

The President has been requested to change the Federal appointments in the several territories, so that citizens of the same shall hold the offices within them as indorsed by the National Democratic Convention.

SECRETARY MANNING has returned to Washington and will give his immediate attention to about a dozen first-class appointments that have been awaiting his leisure. Among the names included will be that of Hon. Phil. B. Thompson.

REPRESENTATIVE SHAW, a Democratic member of the Illinois House, died suddenly, at Springfield, on Sunday. His death leaves the parties in the Legislature equally divided. During the present session three members have been removed by death.

SHERIFF W. C. HUMPHREY, of Rowan County, rode into Morehead a few days ago, delivered up his arms and signed the compact of peace. As all the leaders of both factions have approved the agreement the trouble may be considered as ended.

POSTMASTER GENERAL VILAS has issued an order dispensing with several Post-office Inspectors after April 30th. Among them are: Fred. De Taverne, Tennessee; J. J. Hanna, Ohio; W. W. Patterson, Kentucky; T. R. McTeeon, Indiana; T. S. Delb, Indiana.

The project of building the Columbus and Maysville Railway is still a subject of interest in the counties along the line. Several routes are proposed and confidence is expressed that the enterprise will be successfully carried through if the proper effort is made.

The news comes of great destitution in Eastern Kentucky, especially in the counties of Perry, Leslie, Bell and Knott. The crops have all been consumed and supplies can only be obtained at very distant points, and as the people are without the means to buy there is much suffering among them.

MR. W. W. BALL, the present incumbent of the office of County Clerk, is formally announced as a candidate for re-election. In soliciting the support of his friends, he points to the manner in which his duties have been discharged in the past. The card of announcement appears in another column.

MR. MURRAY KELLER, an applicant for Collector of the Port at Louisville, is discouraged. After an interview with the President he is reported as saying that it is not likely any more appointments will be made for Kentucky until the President is fully acquainted with the situation in the State.

It will gratify fair-minded men throughout the country to learn that the President will soon move against the Mahone Federal office-holders in Virginia. The Customs and Revenue officials and Post-masters of that stripe were to the last put in office for partisan purposes, and to the last moment will have to go.

MR. CLEVELAND stampeded a colored editor who called upon him with a dusky delegation by putting out a copy of the gentleman's paper dated November 15, 1884, containing an article roundly abusing the then President-elect and denouncing his election as second through theft, murder, assassination, ballot box stuffing and such other like methods.

FOREIGN AFFAIRS.

Gen. Konarov's Explanation of His Attack on the Afghans.

VENICE, April 14.—The Russian embassy here has received Gen. Konarov's report of his recent fight with the Afghans on the Kubik. Gen. Konarov, in his report, which was sent to the Foreign Office in St. Petersburg, states that many Mohammedans fought on the side of the Russians. Especially did the Turcomans do good service as allies of the Russians. All the tribes between the Kubik and Panjdeh, and further southward, are Mohammedan. The Afghans recognized the sovereignty of Russia. The majorities of the killed were Mohammedan Turcomans. The wounded Russian officers are Col. Nikitin, Major, and Captain, and Capt. and the Officers Chashinoff and Koskinoff. Gen. Konarov further says that he sent Cossacks to capture some English officers, who, however, saved themselves by riding quickly away among the ranks of mounted Afghans.

The report of Germany will interest between England and Russia is corroborated.

DR. S. B. HARTMAN & CO., Columbus, Ohio.—I keep the largest stock of medical supplies in Lewis county, with the exception of a drug store at Vancouver, our county seat, and am selling a great deal of our PERUNA and MANALIN. It is giving the best satisfaction of any medicine that I ever handled. In one case the patient, who had been ill for a long time, had been so ill for so long that he had been to all the doctors here, and we have some good ones, and they did him no good. After many persons had sold him two bottles of PERUNA and MANALIN, he was well again. I could see a great change in him, and now he is as sound a man as appears as there is in this vicinity, and he says he is entirely well. He is a number one man, and a right reliable.

He is satisfied that your medicine saved his life, after all the doctors and all medicines had failed. Being unacquainted with you, I refer you to John Shillito & Co., Allor, Pinckard & Co., and other business men in the State.

R. L. GILLESPY, P. M.

Messrs. Adamson & Shipley, of Waynesburg, Pa., write: "Please send us some 'Ils of Life' immediately. We are having a big run on your medicine, and we are getting a great many prescriptions of it. We are doing well in this line of medicine, in course of time, we will be growing in favor. We sell lots of it. Please send the book soon."

Messrs. Wirthorn & Urban, of Allegheny City, Pa., write: "We are sending a large quantity of PERUNA and MANALIN. We have also many calls for your book, 'Ils of Life.' Please send us a supply of them, German and English, and oblige."

S. Wolf & Son, Wilmet, Ill., write: "Gentlemen: I send you your book, and the great good satisfaction."

A. G. Sellards, Greenup, Ky., says: "Gentlemen: I am handling your medicines, and having a good trade on them." J. C. Saunders, Martinsburg, W. Va., writes: "Gentlemen: I send you your book, and great good satisfaction. We sell much PERUNA than any other preparation we handle."

W. Bauer, St. Mary's, Pa., writes: "My son is still improving in health. Your PERUNA is just the thing for him." H. L. Davis, New Mexico, Ohio, writes: "S. B. Hartman & Co., Columbus, Ohio.—Gentlemen: Your PERUNA sells as well as any medicine with us. Quite a number have told us that PERUNA is the best thing they ever used."
